Animal Life Cycles, All Around

Third Grade Reading, Writing, Science 70 minutes

Standards: W.3.7, R.3.3

MASS.18.016

Life cycles go around and around! In this arts-integrated lesson, students will research various animal life cycles and create a collage as the final product.

Learning Objectives

Students will be able to identify differences between the life cycles of various animals. Students will be able to represent various stages of an animal's life cycle using collage. Students will be able to research parts of an animal's life cycle and produce a written description of the various stages.
