Description this book

Our 2nd edition Georgia 3rd Grade Math Test Prep for Common Core State Standards is an excellent resource to assess and manage student's understanding of concepts outlined in the Common Core State Standards Initiative. This resource is organized into three sections: Diagnostic, Practice, and Assessment with multiple choice and open questions in each section. The material covered includes: "regulate air temperature and solving problems involving multiplication and division, understanding properties of multiplication and the relationship between multiplication and division; multiplying and dividing within 100; solving problems involving the four operations, and identify and explain patterns in arithmetic; using place value understanding and properties of operations to perform multi-digit arithmetic; developing understanding of factors of numbers; solving problems involving measurement and estimation; representing and interpreting data; and measuring with shapes and their attributes." These standards are covered extensively by the practice problems. This book contains over 600 practice problems aligned to each Common Core State Standard. In addition, the book contains an answer key to practice problems. Paperback: 218 double-sided pages/Publisher:
